NATIONAL ANTHEM

I

O God of all creation
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity
Peace and liberty
Plenty be found within our borders.

II

Let one and all arise
With hearts both strong and true
Service be our earnest endeavour
And our homeland of Kenya
Heritage and splendour
Firm may we stand to defend.

III

Let all with one accord
In common bond united
Build this our nation together
And the glory of Kenya
The fruit of our labour
Fill every heart with thanksgiving.

MESSAGE FROM THE CABINET SECRETARY, MINISTRY OF EDUCATION

HON. EZEKIEL MACHOGU
Cabinet Secretary, Education

On behalf of the Ministry of Education, I take this opportunity to congratulate The Rift Valley National Polytechnic graduands class of 2023 for this significant milestone in your life as you celebrate your hard work and academic achievement.

The Kenya Kwanza Government is currently implementing the establishment of a robust industrial TVET linkages in TVET institutions, a move that will ensure that TVET trainees are trained 50 per cent in industry and 50 per cent in the classroom. This move is in line with the recommendations made by the Presidential Working Party on Education Reforms. Dual training is a timely opportunity because it will equip TVET trainers with the much-needed industry skills. This will at the same time make it easy to transition from TVET institutions to the employment sector.

The Kenya Kwanza Government is banking on the TVET sector to spur industrialization in Kenya. In preparation

of this the Ministry of Education is implementing the Competency Based Education and Training (CBET) a curriculum that is angled on ensuring that trainees are trained 50 per cent in class and 50 per cent in the industry. One of the precious resources that Kenya has is its youth thus the need to ensure that the youths are fully skilled for Kenya to attain industrialization.

The Government is also partnering with development partners and other countries across the world for jobs creation. I am glad that Kenya will be exporting skilled labour to different countries and this is after entering into MOUs with different countries. This is good news to our graduands because there is hope.

The Government has continued to ensure that TVET works in Kenya by its continued efforts to invest heavily in the sector through infrastructure development, recruitment of TVET trainers, equipping the institutions with modern state of the art equipment and capitation.

To all the graduands, I am confident that each of you has the potential to succeed beyond your wildest dreams.

I wish you all the best in your future endeavours, and I trust that you will utilize your skills and knowledge to make a difference in Kenya and beyond.

MESSAGE FROM THE PRINCIPAL SECRETARY, STATE DEPARTMENT FOR TVET

Since the establishment of The Rift Valley National Polytechnic Formerly Rift Valley Institute of Science and Technology, the institution has continued to play a key role in skilling, reskilling and upskilling of the youths in Kenya thus setting itself apart as a center of excellence in training. Rift Valley Institute of Science and Technology has at the same time continued to make tremendous strides in breathtaking research and innovation and in carrying out excellent agricultural practices that have not only yielded fruits for the institution alone but also for the entire country. The 17th graduation ceremony of Rift Valley Institute of Science and Technology marks another milestone, an instant to reflect and cherish the noble steps the institution is making in the Kenyan education sector.

The TVET sector in Kenya has experienced commendable growth over the last 40 years and has continued to produce the needed middle-level human resources for the national economy. The Government recognizes the importance of TVET and its contribution towards sustainable development and the critical role it plays in the realization of Education for All (EFA) Goals and addressing knowledge and skills challenges to achieving the Sustainable Development Goals. TVET also plays a key role in addressing the global skills gap and promoting lifelong learning, which are important components of the SDGs.

Currently, the Government is banking on the TVET sector to spur industrialization in Kenya thus the need to ensure that TVET produces industry and market-ready graduates. Plans are underway to review the TVET curriculum to align with the country's bottom-up economic agenda. SDTVET is moving from knowledge-based learning to skill-based learning through the implementation of Competency Based Training (CBET) which focuses on 70 per cent of training which happens in the industry and 30 per cent of learning in the classroom, shifting from theory-based training to higher industry-based training. I am glad to note that this has now been rolled out and will be able to equip the Kenyan youths with much-needed industry hands-on skills.

To the over 2,900 graduands, TVET education is a bridge that connects you with the real world. It provides you with hands-on skills, practical training, and valuable experience that prepares you for the workforce. This program equips

you with the necessary tools to succeed in your chosen career, and it is an essential component of our country's economic growth.

As you step into the next chapter of your journey, I urge you to remember the importance of using your skills to uplift your community and contribute to our country's development.

You have acquired the knowledge and abilities that will help you thrive in your professional endeavours, and I urge you to use them to make a positive impact on our society.

Your graduation marks the beginning of a new phase of your life. It provides you with new opportunities, challenges, and adventures. I urge you to leverage your learning and embrace those opportunities with passion, dedication and willingness to learn.

I am confident that each of you has the potential to succeed beyond your wildest dreams. I wish you all the best in your future endeavours, and I trust that you will utilize your skills and knowledge to make a difference in Kenya and beyond.

As we celebrate the success of these graduands, I commend in a special way the management of this institution. Over the years, the management has put in place strategic measures to ensure a steady growth in enrolment of students, retention and resulting to a higher completion rate. This is a reflection of the prudent management of resources and intentional leadership at the helm. I also applaud the support of other stakeholders including teaching and non-teaching staff, parents, guardians and the community at large in preparing and shaping our celebrants.

Once again, congratulations to the graduands and may God bless you all in your future endeavours.

Thank you.

DR. ESTHER THARA

MESSAGE FROM THE BOARD CHAIRMAN

DR. RICHARD MOINDI
Chairman - BOG

On behalf of the board of governors, I take this opportunity to congratulate all the graduands, parents and staff of the Rift Valley Institute of Science and Technology on this auspicious occasion of the 17th Graduation Ceremony. Your hard work, determination and resilience has culminated into the

beginning of a new chapter in the lives of these young men and women. Graduation day is our most valued occasion on our calendar as it embodies the achievements of the youth that have been entrusted to us by the community and the Government of Kenya as we shape them to become leaders and skilled workers for socio-economic growth. As management, we are committed to academic and professional excellence as embodied in our Vision, Mission Statement and Core Values and are indeed proud to note that, the institute has registered improved performance which is a testimony of the concerted efforts of all stakeholders.

The board is committed to mobilizing resources for the expansion of infrastructure of this great institution to support the upscaling of services to the community and to produce competent personnel for the industry. We remain steadfast in our obligations to continually boost the production of quality human capital for the nation of Kenya by equipping the youth with the requisite skills and competencies. We would like to appeal to the government, stakeholders in the TVET sector and those in the industry to partner with us to enhance further development of the institute to cater for the ever-growing student population. We take this opportunity to thank all our stakeholders for the continued support and invite you to share in our success which would not have been without you.

We note that our graduands are a vital human resource investment for this country and are committed to enhancing the quality of training and the overall academic experience for trainees. We take this opportunity to congratulate you all for the academic achievements that are symbolized in the higher diplomas, diplomas, credits and artisan certificates we award you today. As you progress with the next phase of your professional life, we wish you all the best in your endeavors. With persistence and resilience, you shall conquer obstacles on your way and achieve your fullest potential. We urge you to take the mantle and go out there and be job creators in your communities. With your new skills set, you have the potential to providing solutions to contemporary issues in the society today.

As TVET graduates, the growth of this nation on depends on you to employ creativity and innovation coupled with strategic finance and resource management. You are the enablers of the country's achievement of the vision 2030 and now Africa's Agenda 2063. It is our hope that as you enter into the world of work, you will endeavor to start your own establishments in order to create jobs that are crucial in enabling the youth to earn sustainable incomes for socio-economic growth. In light of this, we encourage you to explore various funding opportunities made available for you by the Government of Kenya such as the Hustler Fund and Youth Fund to fuel your startups into economic power houses.

In addition, take advantage of government initiatives such as Jitume to explore your capabilities in the digital space and expand your realities in pursuing new frontiers in the world of work. As the old adage says, the future belongs to those who believe in the beauty of their dreams. We encourage you to put all effort in your work and love what you do. You have reached a great milestone in your life, so hold on to the moment and take over the world!

We wish you Gods blessings and success in all you do.

MESSAGE FROM THE CHIEF PRINCIPAL

SAMMY CHEMOIWA
Chief Principal/Secretary BOG

On behalf of the Board of Governors, Staff and Students of Rift Valley Institute of Science and Technology, I am delighted to welcome you to the 17th Graduation Ceremony, a very special occasion in our academic calendar.

Today we graduate over 2,903 candidates who have satisfactorily completed their studies in various programs (Artisan, Craft Certificates,

Diplomas and Higher National Diplomas). This ceremony is a culmination of their hard work, determination and commitment to academic pursuit. I wish to recognize the efforts made by their trainers, parents and administrative staff whose unending dedication has greatly contributed to the overall success of our graduands. The effort each one of us has put in showcases a great accomplishment of the embodiment of our vision and mission. This is a revelation of our commitment to the realization of the government's development agenda, the Vision 2030 and Africa's Agenda 2063. We continue to produce quality manpower for not only this region but to meet global labour needs.

We are delighted to embrace the Competency Based Curriculum as it serves to bridge the industry needs at a time when the globalization phenomenon has influenced teaching and learning to fit new developments and enhance competency of skilled workers. I commend the government for supporting the TVET sector through provision of training equipment, employing more trainers and subsidizing the tuition fee for trainees entering TVET Institutions. This has helped bridge the gap in quality of training and increased access to TVET training. To our industry partners, I sincerely thank you for continually partnering with us in skilling our trainees through internships and attachments in production, manufacturing and service. Through your support, the graduates we produce are industry relevant, a crucial factor in the economic growth and development of our great nation. As we implement the CBET curriculum,

we pledge to work with you closely to match our training standards with your needs.

I take this opportunity to thank the government, through the Ministry of Education State Department of Vocational and Technical Training, for the support we have and continue to receive through KUCCPS placement and financial support for our trainees through the new funding model. I also wish to extend thanks to the Higher Education Loans Board (HELB), the County Government Bursary Fund, CDF and other partners for the continued financial support to our students. I also wish to thank the TVET Authority, ICT Authority, Konza Technopolis and Lish AI for their support in rolling out the Jitume initiative that has seen us train over 200 online workers in the last four three months. This has gone a long way in opening up opportunities for the youth and contributed to propelling them to economic freedom.

I wish to thank our dedicated staff parents, guardians and sponsors for the great role you have played in ensuring continuity of their studies through moral and financial support. It is your dedication and relentless effort that has seen them become victors today. I urge you to continue mentoring and supporting these young men and women as they enter the world of work. I pray that God may bless you all as you engage in this new endeavour. The selfless service each of you has given is a priceless investment to this great Nation.

Special thanks goes to the entire RVIST community, the National Government and its Administration, the County Government of Nakuru, church leaders and other community leaders for all their effort in ensuring serenity, order and peace in our environment. It is these efforts that ensure our trainees achieve their academic dreams and build their careers in this great institution.

To the graduating class, today, we are sending you out as skilled workers to go and realize your full potential. The resilience, determination and commitment you have shown while here should be replicated in your career life. I am confident that with your skills set, you will scale new heights to gain economic freedom. In addition, I encourage you to use the skills you now have to create jobs for other youth and participate in national development.

May God guide you as you enter this new phase of life!
